## Investing - Due Diligence

### Why Due Diligence?

- > Investment without analysis is like driving on a highway blindfolded.
- > Pro active approach enabling investors to know about prospective investment.
- > Better understanding about the past performance.
- > Greater possibility of securing future growth of the investment.

### What questions to ask before investing?

- > Is the company's revenue increasing?
- > Is the company actually making a profit?
- > Is the company able to repay its debts?
- > Is the company in a position strong enough to compete with its peers?
